- external in nature- raised by React Cert Africa Ltd clients, suppliers or other affiliated organizations
- written
- verbal
- complaints raised by client’s customers or stake holders

4.3 Terminology used in this procedure for incidents

The incidents and complaints are considered as any of the below 4 things and procedure describes the system for handling the same.

4.3.1 Suggestions

React Cert Africa Ltd recognizes that positive feedback is as important as negative. Suggestions are vital in identifying risk and system improvement. As with complaints, suggestions may be internal or external in nature, written or verbal.

4.3.2 Appeals

React Cert Africa Ltd recognizes that the client may have some reservations or may not agree with the conduct of auditor, audit findings, certification committee decision and / or overall interaction with React Cert Africa Ltd staff. Client is free to communicate the same to React Cert Africa Ltd Appeal subcommittee and this is treated as an appeal from the client.

4.3.3 Observations

Observations are witnessed incidents of service/operational deficiency, malfunction and or failure. Observations are often made by individuals independent of the activity witnessed and therefore objective in nature. Observations also play important role in identification of risk and system improvement.

4.3.4 Opportunities for Improvement

Opportunities for Improvement are incidents where the system has not failed, yet greater operational efficiency may be obtained in analysing current practice. Opportunities for Improvement are often collected internally, but input from external sources is also beneficial.

4.4 Receipt of Incidents

- 4.4.1 The quality incident may be reported by any means – verbal or written. In case of an external source, the incident report may be received by any staff member. The staff member shall fill the Incident report recording all the information and details of the complaint. The filled report shall be submitted to Scheme Manager for further action. In case of internal source, the incident report shall be filled by the staff member and submit to Scheme Manager.

4.5.3 In case of a complaint / observation against a certified client, the Scheme Manager studies the complaint and discusses with the auditor (last audit). If the complaint is found genuine and valid i.e. indicates a system failure, the complaint is sent to the client for a response. No confidential reports or information will be sent to complainants without written permission from the client. Adequate time is given to the client for response. If required, Scheme Manager follows up with the client for the response. Depending on the response, Scheme Manager may decide to –

- Write to the complainant about the response and asks for his response.
- Ask further clarification from the client
- Depute an auditor to personally visit the client and investigate for system failure. Such visit shall be considered as special visit and charged to client.
- Request a joint meeting with client, complainant and React Cert Africa Ltd

4.5.4 Scheme Manager shall communicate with the complainant at the end of the process detailing the findings and to formally close the complaint. A copy of the correspondence is kept in the client file for records and the same is passed to auditor during next audit. The details of all complaints and action taken (Correction, CAPA) are discussed in Management Review and IC meeting.

4.6 Handling of Appeals

Any company or organisation who fails to satisfy an audit or surveillance may appeal against the decision. Where an appeal is received the following procedure will be followed.

4.6.1 The Supervisory Board will appoint the members of the appeals committee under the leadership of Supervisory Board who will hear the appeal and determine the outcome. In case, Supervisory Board are part of the audit/ certification team, Supervisory Board shall decide the investigating officer for the appeals process.
